

# Susan Garrett's Raw Feeder's Treats

I hope you find this eBook to be a great resource. Our goal here at DogsThat is to enrich the lives of dogs and dog owners worldwide.

Teaching your dog a new training game is going to deepen the bond you have with your dog, grow trust, build your dog's confidence and give your dog a new skill set that they will benefit from every day.

This eBook is a companion to our Shaped by Dog Podcast [Episode 252](#) that covers how I use raw food to my dog training advantage and how I plan what food I'm using when and where. Even if you don't feed raw, the tips on type of treats for dogs and using treats for training is for everyone.

Here's to setting our dogs up for success!

A handwritten signature in blue ink that reads 'Susan Garrett'.

## Dry Crunchy Treats For Bowls and Remote Feeders

### Ingredients\*

- Canned meat of your choice
- 1 cup oats
- 1 egg
- Water

\*Adapt the amounts to the size of the can you are using and the texture you are going for.

### COOKING INSTRUCTIONS

#### Step 1 – Mixing it up

- Mix all ingredients in a blender until smooth.
- Add more or less water depending on the desired texture. If you want to use the squeeze bottle method, aim for a more liquid mixture, if not, a paste will work better for you.

#### Step 2 – Adding the Mix to the Mold

- Transfer your mix to a squeeze bottle (if you have one available).
- Pour little dots of the mix into the mini dot silicone mold. If you won't be using a squeeze bottle, just spread the mix over the mold with a spatula.

#### Step 3 – Baking Your Treats

- Bake at 325°F / 160°C for 20-30 minutes. Adjust the time to the desired outcome, whether it's for soft or dry treats.
- Let them cool and pop them out of the mold. Store them in the fridge and enjoy!

## Potato & Meat Treats Special Recipe for This!

### Ingredients

- 12-16 oz raw dog food (bison, turkey or a meat of your choice)\*
- 2-3 eggs
- Approximately 2 cups of steamed potatoes
- About 1/2 cup tapioca starch plus water

\*If your raw dog food contains bones, make sure it's finely grinded.

### COOKING INSTRUCTIONS

#### Step 1 – Mixing it up

- Blend all the ingredients in the food processor with enough water to make it into a batter consistency (it's usually quite gummy).

#### Step 2 – Spreading and Baking

- Spread the mix on a parchment thinly and bake at about 350°F / 180°C (moderate oven) for 30 minutes or so, or until it looks like it's mostly cooked and able to flip over.
- Flip and cook another 10 minutes or so or until cooked.

#### Step 3 – Cutting Your Treats

- Chop into desired squares. Use it as is, or dehydrate to desired consistency.

SHAPED BY DOG EPISODE 252 NOTES

A series of 20 horizontal dashed lines providing a space for handwritten notes.

## Susan Garrett's Raw Feeder's Treats

### About Susan

A world-leading educator of dog trainers, Susan is also one of the most successful agility competitors of the last three decades. She has won multiple Gold Medals at National or World Championship events with every dog she has ever owned over the past 30 years. Susan was one of the very first dog trainers to share knowledge online when she opened her “Clicker Dogs” website many years ago. Susan has helped hundreds of thousands of people enjoy a great relationship with their dogs through her workshops and keynote speaking around the world, award winning books, DVDs, magazine articles, blog posts, podcasts, free dog training and dog agility video series, and online dog training programs.

A natural teacher and an entertaining speaker, Susan is world renowned for her dog training knowledge and practical application of that knowledge. Her understanding of how to apply science-based learning principles to both competitive and family pet dog training has been pivotal in changing how dogs are trained.

Susan is now helping many thousands of dog owners in over 100 countries have the best relationship possible with their dogs. The real joy for her comes from bringing confidence to dogs and their owner through playful interactions and relationship building games that are grounded firmly in the science of how animals learn.
